

Supporting Success with specialist protection

Bonded NZ LTD
SPECIALIST INSURANCE

Our Story | Bonded NZ

At Bonded NZ Ltd, we provide specialist insurance services for businesses, construction and engineering firms, with decades of combined experience in the New Zealand insurance industry and overseas. But we're also more than just an insurance brokerage.

Community is right at the centre of everything we do. We're a partner and advocate for all our clients from quotes to claim time, always going the extra mile to ensure that they have a robust safety net for the future. And thanks to our Shareholder Model, clients can participate in and benefit from our growth as well.

Our Identity

Building on our bond with local communities, we also strive to support causes and organisations that are close to our hearts and values. It's part of our New Zealand identity: when people come together, everyone benefits. And we believe that, in our own small way, we can help make New Zealand a stronger, happier, more resilient place.

Unrivalled Strength Insurance Advisernet

Bonded NZ Ltd is proud to be a Member Broker of Insurance Advisernet New Zealand. Founded in 1996, Insurance Advisernet:

1 Brings together over 200 **highly-skilled** independent advisers across Australasia.

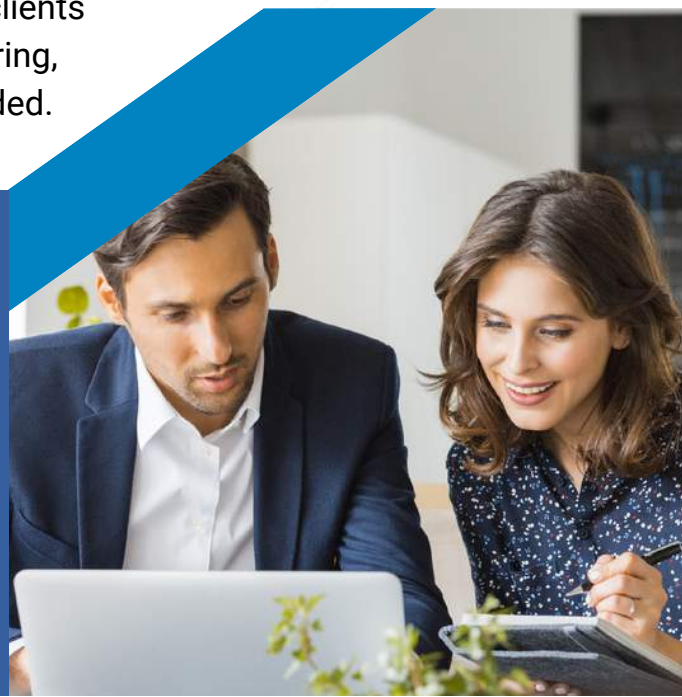

2 Is a principal member of the **Insurance Brokers Association** of New Zealand Inc.

3 Is the largest member of one of Australasia's leading general broking groups – the publicly listed AUB Group – serving over 450,000 clients in the region.

Our relationship with a major network like Insurance Advisernet allows us to maintain a local focus, while also drawing upon the group's own business efficiencies, financial strength, and buying power. This way, our clients can benefit from a broader product and service offering, including access to international insurers when needed.

Nicola Hunt- LockSmart

We have been with Tony and the Team at Bonded NZ since day one in our business. It is such a relief in Business to know your Insurance Broker always has your back and knows all the relevant info to keep us safe. Amazing service.

What Bonded NZ Offers

Areas of Expertise

Your situation requires the specialist expertise of a dedicated insurance broker. From Surety and Building Warranty through to Commercial F&G Insurance, we offer Market Leading solutions appropriate for the scope and size of your company.

Construction Insurance

Helping New Zealand construction firms source quality Surety and Building Warranty solutions has been our focus since Bonded NZ Ltd was established in 2007. We strive to ensure that clients have all the tools to manage their bonding and achieve business resilience across the board. Through adequate preparation and guidance, we assist contractors wanting to maximise their surety bond credit. And thanks to Building Warranties and Contract Works Insurance, we help building companies deliver projects as agreed at the outset, while also protecting the principal's investment. This way, your financial position is protected through to project completion and beyond.

Daniel Hemus

“ I have found Tony at Bonded NZ to be **great value and excellent to deal with.**
We use Bonded for all our business cover and Contract Works insurance.

Business Insurance

From Professional Indemnity and Public Liability to Commercial F&G Insurance, Bonded NZ are here to help you keep your business safe, secure and thriving – whatever the industry you operate in. Running a business entails balancing potential risks and growth opportunities, to ensure that work goes smoothly and revenue building is steady. Unfortunately, accidents happen and even the most careful companies can run into costly mistakes. With so many different moving parts, appropriate insurance cover can help you plan a secure future for your business. Depending on your needs, Professional Indemnity and/or Public Liability Insurance may be worth considering: both solutions are designed to prevent an accident from turning your business into ‘collateral damage’. And of course, keeping your premises and equipment safe is also crucial: commercial F&G Insurance is a powerful tool for risk management, protecting your business assets from the unexpected.

Crale Reece - Matland Developments

“We have used Bonded NZ for both our personal insurance and our business insurance for many years. They have always made sure everything is covered properly and we are getting the best deals. They have also helped us with a few claims over the years and have made the process easy and stress free.”

Claims | Our Expertise

We take pride in being clients' advocates when they need us most – at claim time. By liaising between our clients and the insurer, we can help accelerate an otherwise long and complex claims process, allowing the business to resume operations with minimal disruption.

To achieve this, clear and timely communication is essential. From lodging the appropriate paperwork and tracking the progress through to negotiating the most favourable outcome for you, the Bonded NZ team are here to guide you every step of the way.

We understand the uniqueness of each claim, and we make sure they are handled with the utmost professionalism and care. Depending on your requirements, we may also arrange for third-party services like loss assessors, legal and accounting consultants, and risk managers to help prevent future losses.

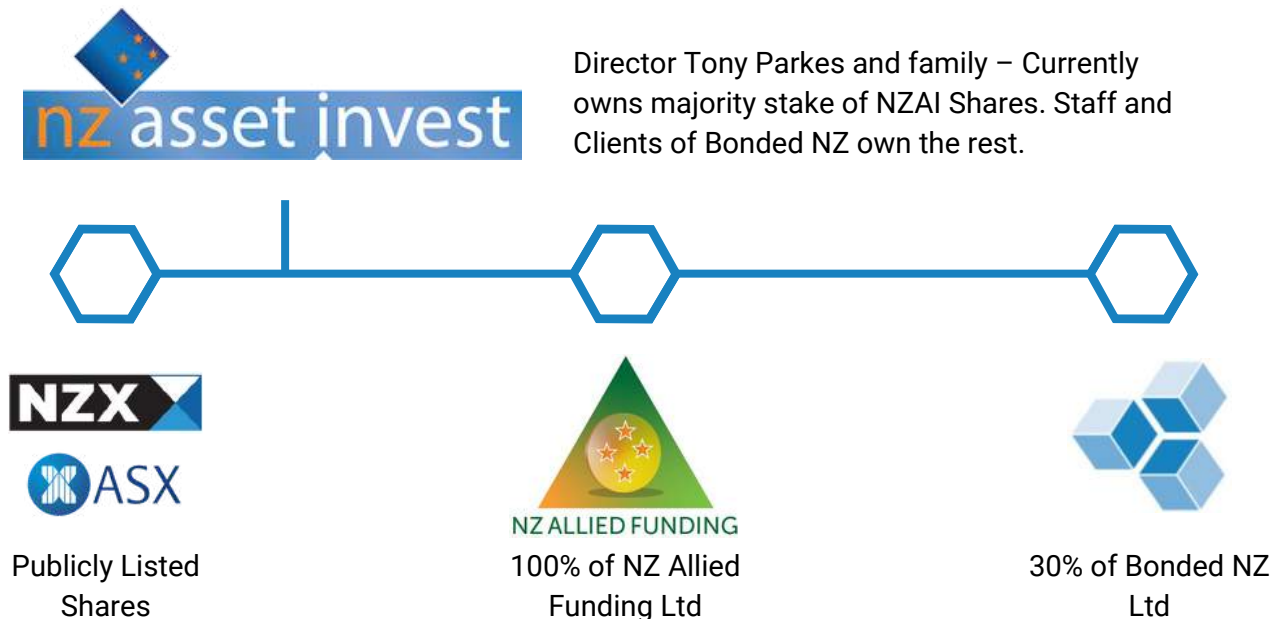

When claim time comes, Bonded NZ Ltd works for you and with you to develop a complete plan of action that aligns with the interests of your company.

NZ Asset Invest | Our Shareholder Model

Bonded NZ is owned by Director Tony Parkes and NZ Asset Invest. NZ Asset Invest is an investment company that was set up to grow the wealth of its shareholders over the long term. Clients and Staff of Bonded NZ are also able to invest in NZAI so they can benefit in the success of our business. NZAI has also invested to start our own premium finance provider NZ Allied Funding Ltd (NZAF).

NZ Allied Funding Ltd (NZAF) is the premium finance provider for Bonded NZ Ltd. The aim of NZAF is to provide a range of flexible finance options for our clients. Both our clients and staff that invest with us can achieve long-term wealth creation, by benefitting from the growth and income stream of our insurance operations.

Get in touch if you would like to discuss these options in more detail.

Bonded NZ and the Community

Just like all the businesses that we work with, community is everything to us. That's why, where we can, we like to give back to some great people and organisations out there doing their bit to make a difference. Whether they are tackling big issues or helping enrich community life, we are proud to support them in some small way.

Bonded NZ's friends include organisations like [Fountain of Peace](#), which operates a children's care home in Uganda; longstanding event [Special Children's Christmas Party](#); and [Safe Man Safe Family](#), a charity that helps counsel men with violence and anger issues.

Also, we are happy to sponsor great sporting clubs and events throughout the Greater Auckland region. From golf and swimming through to netball and rugby league, these organisations are true pillars of their local communities and neighbourhoods.

Introducing **Tony Parkes**

Following seven years of experience as a commercial and senior liability underwriter, Tony bought Bonded NZ Ltd in 2013, with a vision to assist good local businesses and construction companies with mitigating their most likely risks. And with like-minded and highly experienced professionals adding to the team, Tony has since been able to grow the business from strength to strength.

Tony's professional skills range from claims handling and liability, through to reinsurance, financial risk and business relationship management. Drawing on his extensive understanding of risk and business insurance options, Tony is committed to helping clients protect their creations with purpose-fit solutions. Whatever your business domain is, for Tony and the team, peace of mind is the ultimate goal.

When he is not busy facilitating surety bonds and building warranties, or advising businesses on their insurance needs, you can find Tony out on the golf course, watching a rugby game, or chairing the Manurewa Business Association.
